The photographers are gone.
The typewriter is broken.
This just can't go on!

We worked through the night
until it was day,
Got the Warrior finished and
sent it away ...

Dedications of any kind are often difficult. This is especially true when so many people at Warrior Run have meant so much to the Class of 1980. We feel especially proud to be the 25th graduating class from the Warrior Run School District. As such, we have identified closely with many faculty members, the administration, and the school staff. However, one person does stand out as one, who in many quiet ways and sometimes not so quiet, always seems to be there when needed, and assists any student or group who needs help. A person who has been active at one time or another in most of the school programs; and through these activities has become a friend.

Many happy memories will continue as we, the Class of 1980, dedicate this Silver Anniversary Warrior to Mr. Lester Lee.

Mr. Lester E. Lee

WRSD — The First Twenty Five Years

The Warrior Run School District was formed twenty-five years ago. After many midnight sessions, the final jointure resulted. Involved were the West Branch Joint School (an earlier jointure of Watsontown Borough, Delaware Township, McEwensville, and Gregg Township) and the North-Mont Joint School District (an earlier jointure of Turbotville, Anthony Township, Limestone Township, and Lewis Township).

The Warrior Run District accounted for parts of three counties and eight school districts. The original school board consisted of forty members, five from each of the eight districts.

Advantages of the new jointure included more variety in activities including co-ed sports, expansion of boys' athletics, greater opportunities in academics, better-supplied libraries and science laboratories, and improved yearbooks. By contrast, West Branch High School offered football, basketball, and band; North-Mont offered wrestling.

CHRONOLOGICAL HISTORY OF THE WARRIOR RUN SCHOOL DISTRICT

It was evident that as early as 1949, a need for a new secondary school in the area was obvious to some of the directors.

December 15, 1952

A report was made regarding the meeting held in the Dept. of Public Instruction at which time it urged that the West Branch Joint School and the North-Mont Joint School should become one large joint organization.

June 21, 1954

The Supervising principal reported on the enrollment in the schools following a discussion held on the possibility of receiving Department approval of a building for the West Branch Joint School. A motion was agreed that the county superintendent be asked to call a meeting with the North-Mont Joint School to further discuss a jointure with them.

July 19, 1954

The supervising principal reported that the county superintendent stated that the North-Mont Joint board was "not interested in meeting with the West Branch Joint board at this time."

March 21, 1955

Dr. C. D. Jenkins, County Superintendent, reported to the board that the North-Mont Joint School, as a result of the letter received from Dr. Swan, had passed a resolution stating they were willing to re-open negotiations with the West Branch Joint School. The board of directors of the West Branch Joint School then passed a motion stating that they were willing to re-open negotiations providing that a definite program of action to which the directors of the North-Mont Joint School are willing to accede will be presented and that the meeting be held within a period of 30 days.

May 16, 1955

Since the meeting with the directors of the North-Mont Joint School had not been productive; a resolution was introduced and unanimously approved petitioning the State Council on Education to permit a final room schedule to be issued to Warrior Run Joint School for the creation of a secondary school.

June 8 & 9, 1955

The Warrior Run Area Joint School is formed by the directors comprising the West Branch Joint School and the North-Mont Joint School effective the first Monday in July, 1955.

Article 8 of the agreement — any secondary school constructed in the new jointure be in the vicinity of the Warrior Run Church — was the major obstacle.

Robert S. Rishel, Turbotville, was elected temporary chairman. Mrs. Frances Diehl, West Branch secretary, served as temporary secretary for the board. June 20 was set for the first meeting of the new group at Turbotville.

The meeting began at 9 p.m. Wednesday night and continued until 2 a.m. Thursday morning.

An executive committee was formed. It consisted of 16 members, two from each district. Regular meetings of the executive committee were held the third Monday evening of each month.

Orrin G. Cocks was supervising principal of the West Branch Joint School, and Joseph Wolfe was supervising principal of the North-Mont Joint School. Abram Fairchild was president of the county board.

June 20, 1955

A motion was unanimously approved that preliminary data be submitted for a room schedule for a new junior-senior high school building.

WATSONTOWN HIGH SCHOOL - Homemaking House

August 29, 1955

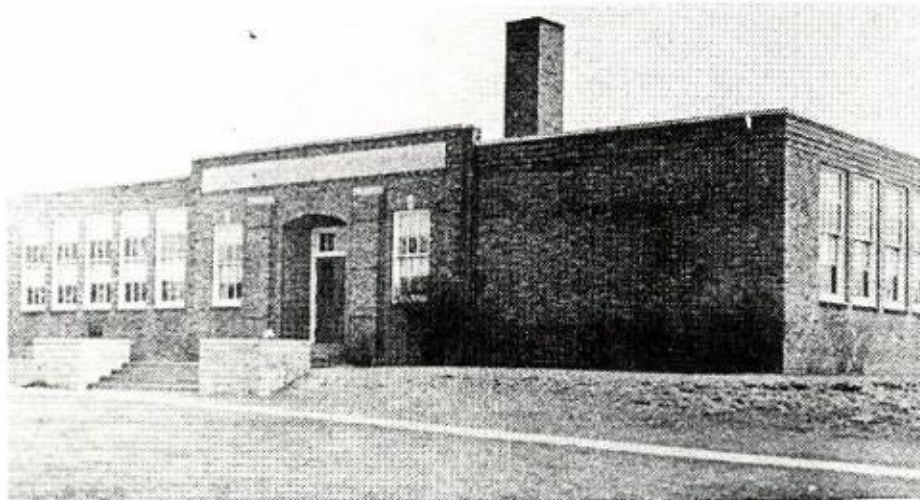

The board agreed to employ Edmund George Good as architect for the new Warrior Run secondary school.

September 28, 1955

The recommendation of the architect for the selection of the site known as the Patterson Farm was unanimously approved by the executive committee of the joint board.

October 13, 1955

A final room schedule was received from the Dept. of Public Instruction.

TURBOTVILLE HIGH SCHOOL

October 17, 1955

The formal approval of the site was received from the Dept. of Public Instruction.

November 1, 1955

Department of public Instruction assigns Project number 922 to the proposed junior-senior high school.

November 21, 1955

The joint board authorized option to be taken on the approved school site at \$24,000 for a period of one year at the cost of \$1,000. H. William Koch was retained as solicitor.

January 16, 1956

A formal contract was entered into with the architect.

January 23, 1956

Fire destroyed the Eighth Street School, requiring part-time sessions for the children of this school and the Dewart School.

February 13, 1956

The Watertown Business Associates formally registered objection to the selection of the site, and the board agreed to permit engineers selected by the Business Associates to be present at the time that test borings are made at the site.

March 8, 1956

Preliminary plans approved for further developments by the Dept. of Public Instruction.

May 2, 1956

Mr. Robinson reports the Eighth Street buildings as having "a wholly inadequate site, impractical to enlarge."

June 8, 1956

A report of the survey committee states:

1) The cost of rebuilding the Eighth Street School does not seem warranted.

2) The committee recommends that the new secondary school be erected as the next step in the building program.

3) The committee suggested that priority approval for Project No. 922 might be obtained upon application.

June 15, 1956

The board authorized that a petition be forwarded to the State Council on Education seeking priority for the junior-senior high school project.

June 27, 1956

The revised preliminary plans were given approval by the Dept. of Public Instruction.

July 7, 1956

A request was made of the president of the Business Associates to meet with representatives of the Watertown School Board and the Joint Board in an effort to reconcile differences.

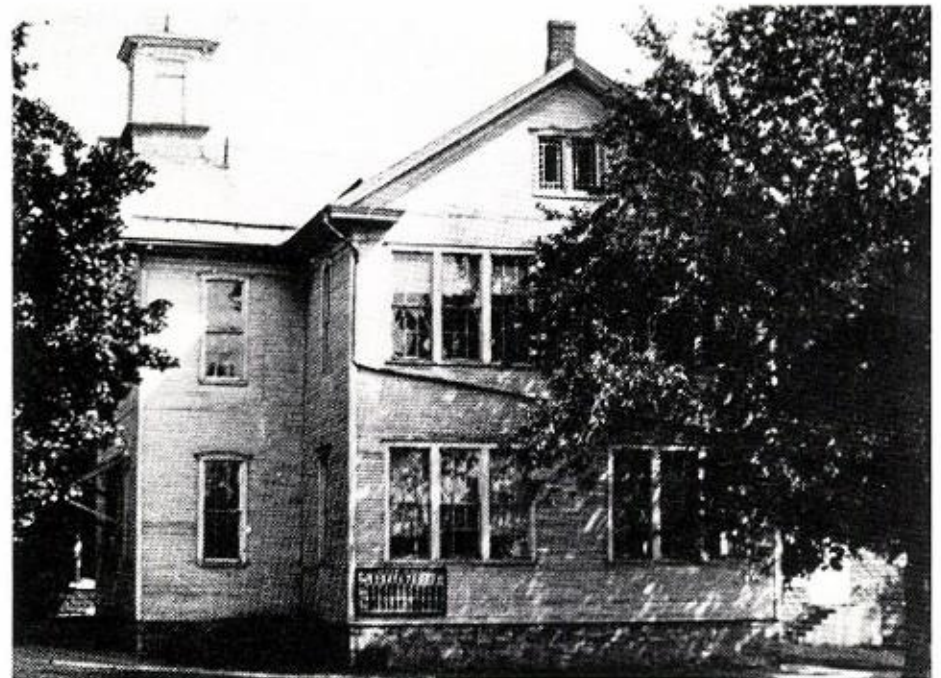

July 13, 1956

A letter received from the Superintendent of Public Instruction approving Project No. 922.

August 20, 1956

The board authorized the architect to proceed with the preparation of work drawings.

The board also selected Rhodes, Simon and Reeder as bond counsel.

October 3, 1956

The board unanimously agrees to adopt the name of Susquehanna Valley School Authority as the authority to be established by the districts of the area. The board also at this meeting named authority members and made selections of terms of authority members.

October 15, 1956

A resolution was agreed to authorizing Lewis Township to exercise the option to purchase the Patterson Farm as a site for the proposed new secondary school. The several boards met the same evening to pass resolutions establishing the authority.

Above left: The Turbotville School. Above: The Turbotville Vocational School.

November 16, 1956

Organization meeting of the Susquehanna Valley School Authority held.

January 11, 1957

Resolutions were adopted by the board to approve the plan and drawings for the new secondary school, the specifications for the new secondary school, and directing the Susquehanna Valley School Authority to proceed immediately to advertise for bids for construction.

January 24, 1957

Susquehanna Valley School Authority sets March 12, 1957 at 7:00 p.m. in the Watsontown High School as the time and place for the opening of bids.

March 27, 1957

The bids were accepted. The largest contract, that of the actual building of the school, was awarded to Ritter Brothers, of Harrisburg, PA.

May 18, 1957

Ground-breaking ceremony was held. From that time on construction on the new school moved at a very rapid pace.

May 8, 1958

In a special meeting, the board awarded contracts for the furniture and equipment to be used in the nearly-completed school.

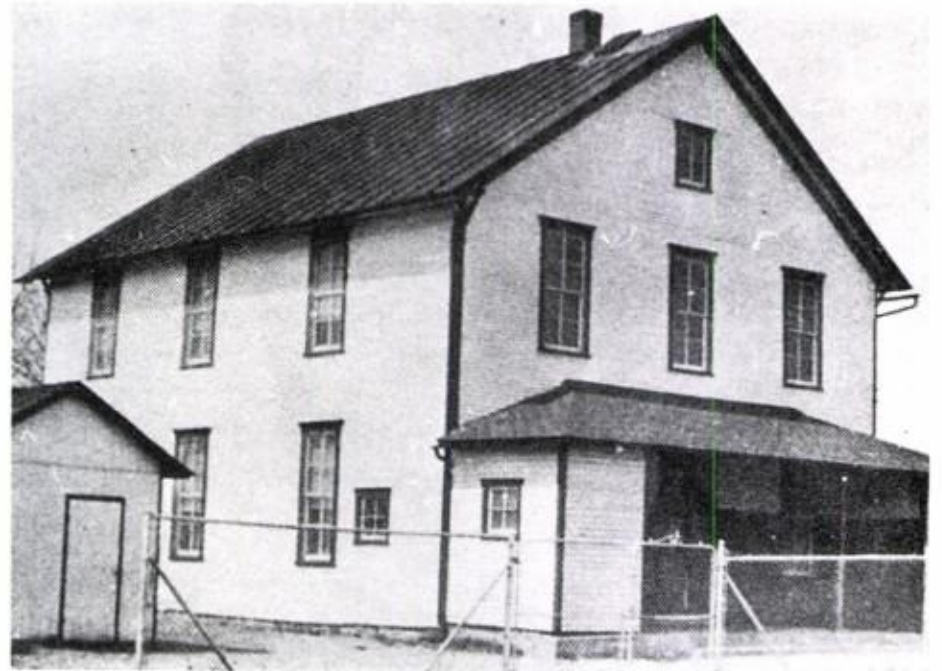

September 3, 1958

Fifteen months and sixteen days after ground-breaking ceremonies, the new Warrior Run Area Joint School was opened for classes.

Due to rising enrollment, 1967 brought the need for a new building. The Warrior Run Junior-Senior High School, originally designed for 1,050 students, was severely overcrowded by 1,300 students. The seven outlying elementary schools had no cafeterias, libraries, or medical facilities. A four-four-four system was then devised for the district by which the high school, a new building, would house grades 9-12, the middle school, the previous high school, would have grades 5-8, and the elementaries, the already standing structures, would house grades 1-4.

Why was the new building designated to be the high school? Traditionally, new high schools have been built to replace the outdated ones. This reasoning led to the Warrior Run High School as we presently know it.

FACULTY

25th Anniversary

1980

The most important thing a student receives from a school is knowledge. Knowledge that will remain throughout our lives. The faculty members of Warrior Run have enriched our lives by making us aware. For some, it has been through the encouragement of a special talent; for others, it has been the chance to explore new areas of interest, as well as the chance to learn through failure. But, for all it has been the opportunity to prove ourselves and to discover who we really are.

UNDERCLASSMAN

25th Anniversary

1980

Throughout the high school years, everyone anticipates special happenings.

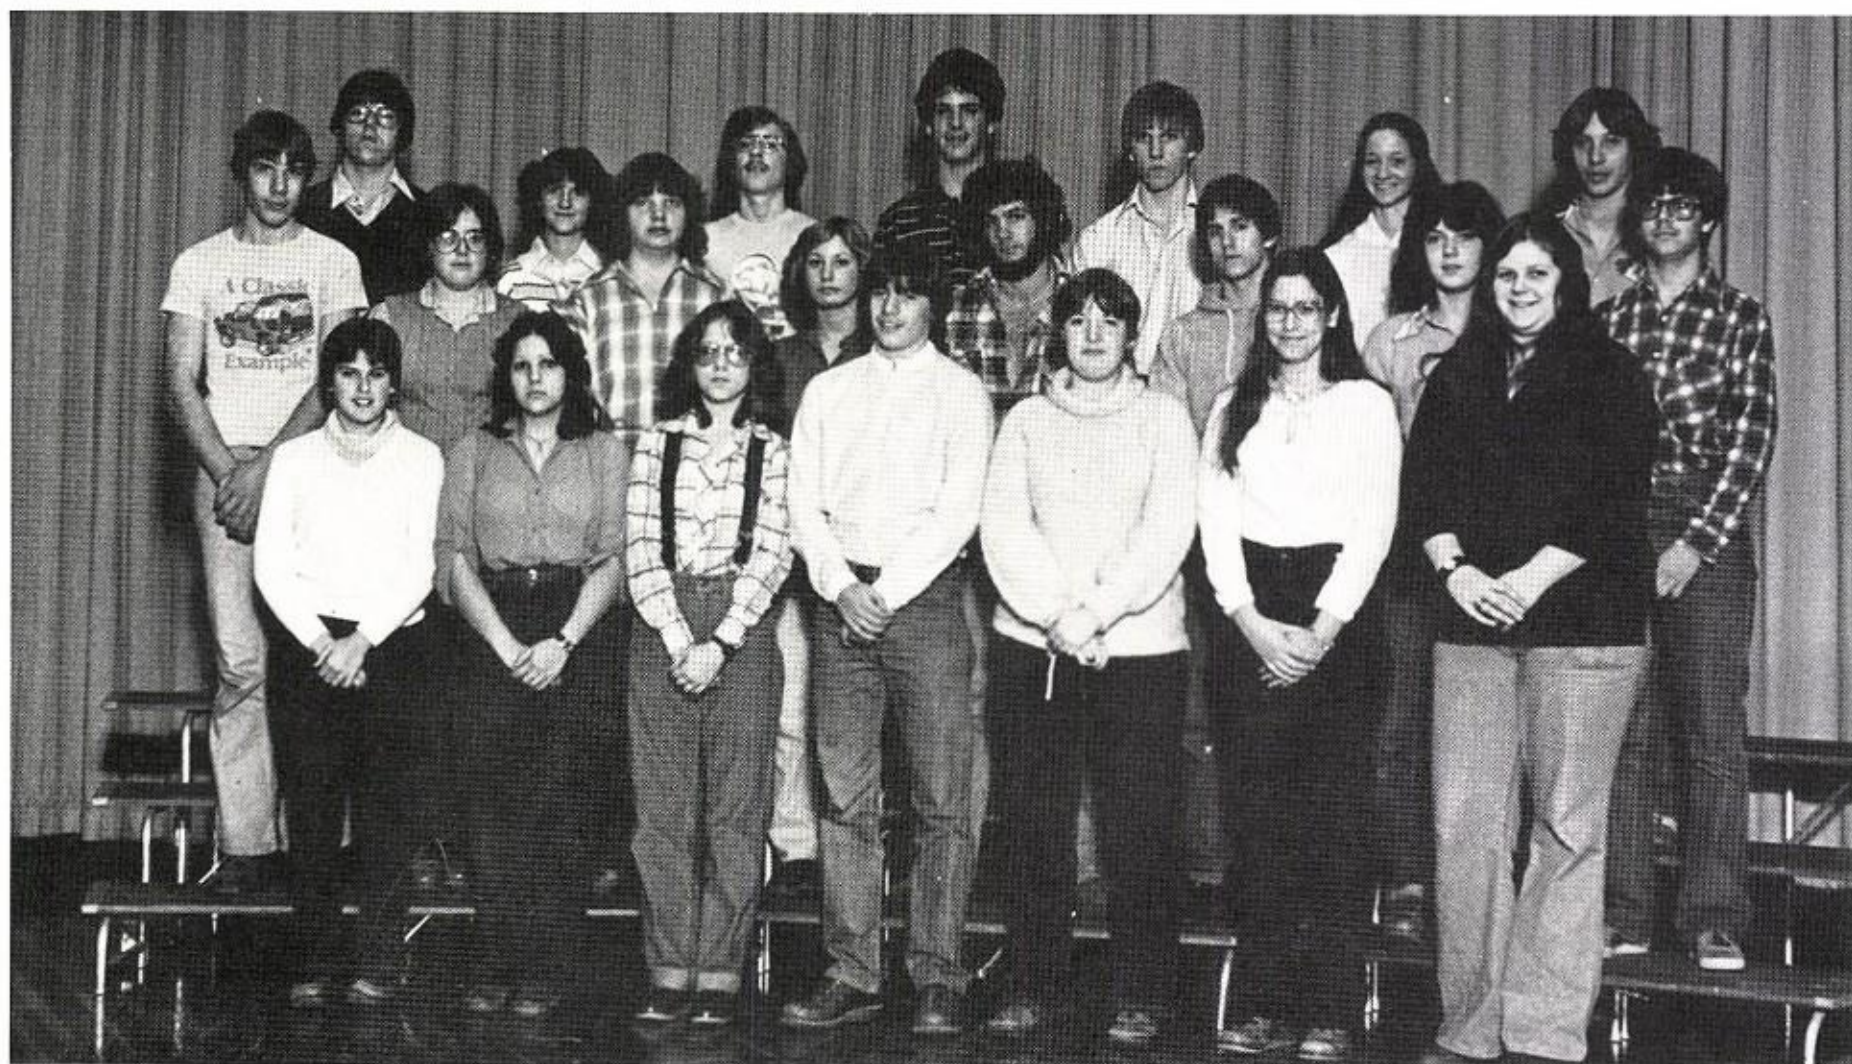

In the freshman year adjustments of many kinds are made; new lockers with new locker combinations, new teachers, and self-chosen courses.

Events of the Sophomore year show the first signs of class spirit; voting for a class advisor, holding a soph hop, and the

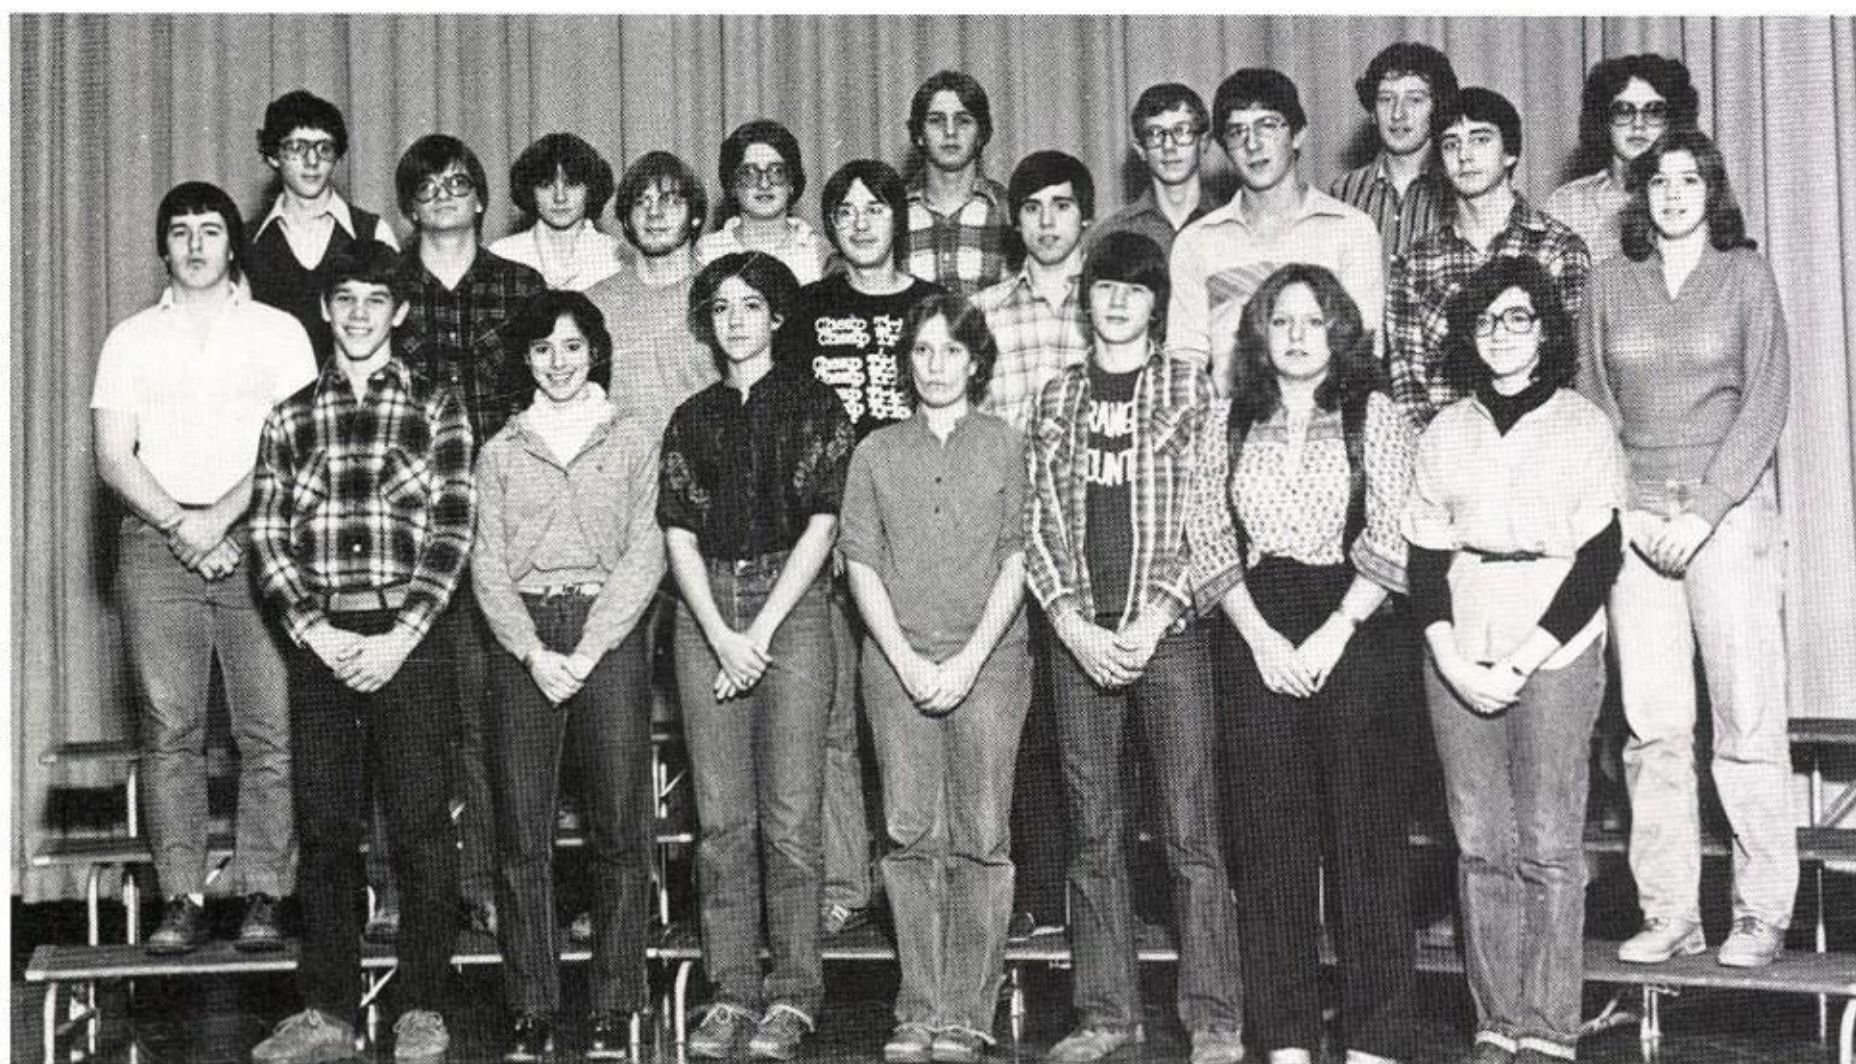

most important occasion to most sophomores receiving class rings.

The Easter candy sale and planning of the Junior-Senior Prom are highlights of the Junior year.

But, the most important happenings of your underclassmen years occur through the new friends that you make and the things which we learn from each other.

Fam,
Good luck in the future with whoever and
with whatever you do. Remember English class
with Mrs. Swope. Remember me. Take care, and
be happy.

Love,

SPORTS

1980

25th Anniversary

Many activities and experiences are a part of high school life. One of the most stimulating and satisfying experiences of your four years at Warrior Run may be participation in one of the nine varsity sports. Our school offers five sports for boys: football, basketball, wrestling, track, and baseball; girls are represented in field hockey, basketball, cheerleading, and track. A successful

season in any of these sports requires enthusiastic students and qualified leadership from one of Warrior Run's many dedicated coaches. At Warrior Run we have all things necessary to provide a varied and exciting athletic program. Win or lose our teams always represent our school well.

FEATURES

25th Anniversary

1980

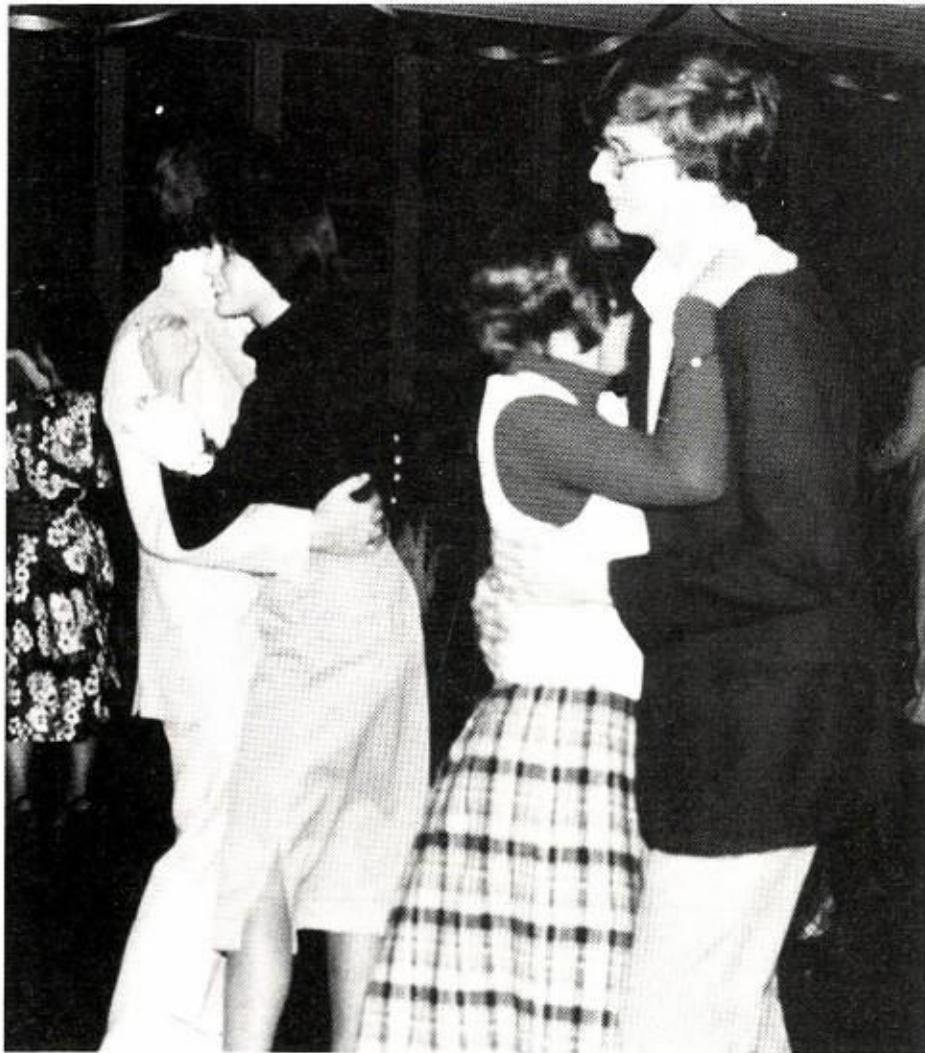

The total appeal of a school includes not only the excellence of the academic program offered, but also the social activities. Within the Warrior Run High School such activities help to compliment the entire school. These special features range from one night dances to the hosting of foreign students for the whole

year. In addition to being a great deal of fun for the students, the events, such as the spring musical and the Homecoming weekend, provide entertainment and recreation for the whole community.

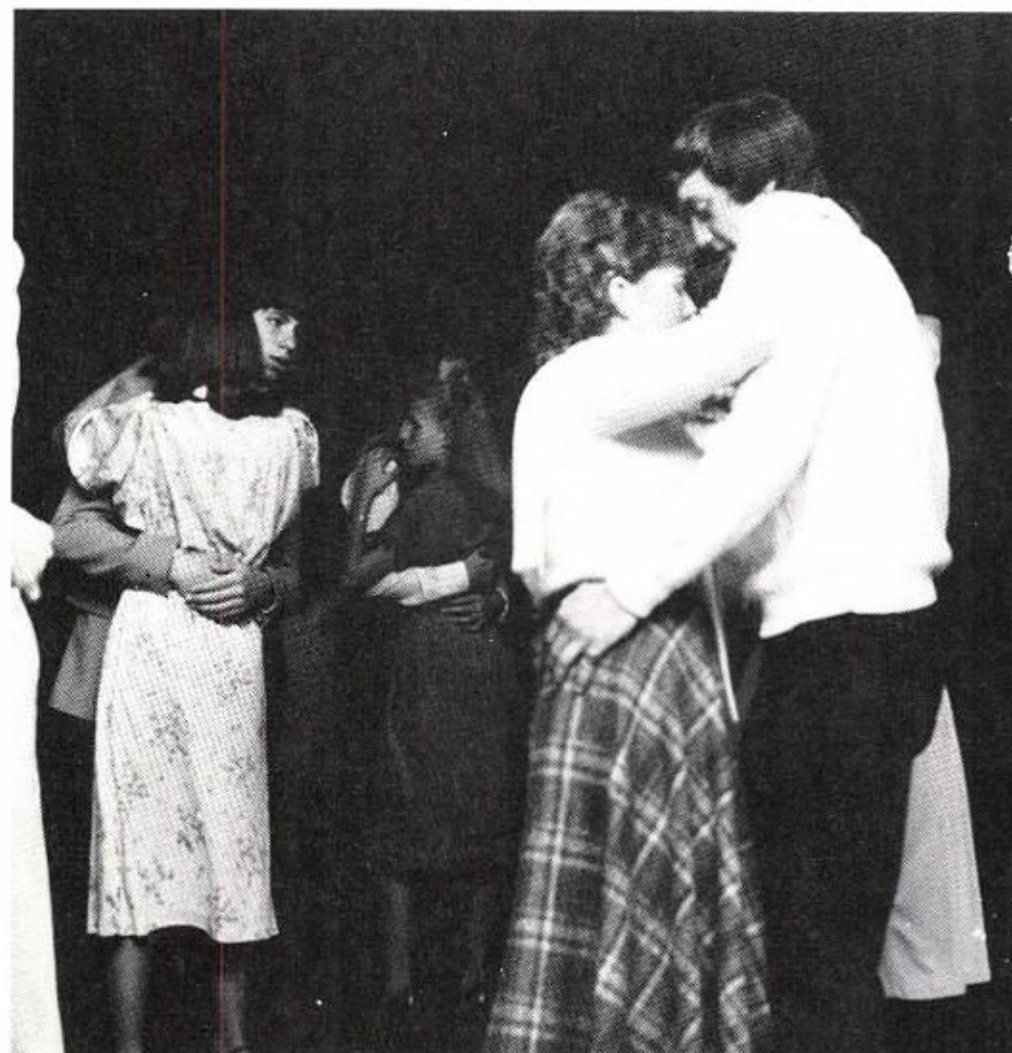

Sharing the Night

L. to R. Lisa Yeager, Roger Pontias, Loretta Leech, Jeff Werner, Diane Roan, Jeff Metzger, Shari Lilley, Tegan Follmer, Lisa Moore, Ron Runkle, Brent Smith, Chris Lagana, Doug Bieber, Renee Allen.

Welcome Pottsville

Warrior Run and Pottsville students have a good time at the dance.

Are you having a good time, Lori?

Eighteen students from Pottsville, Pa. arrived on Sunday, January 27, 1980, for Warrior Run's short term exchange, which was sponsored by the A.F.S. That night, everyone went roller skating, and on Monday night, at Moser's barn in McEwensville, the Pottsville and Warrior Run Students had a wild and crazy time at a Campus Life meeting. On Tuesday, many went to the basketball game at home with Montgomery. Wednesday night was the time to dress up and disco at the Great Green Frog, and on Thursday, Pottsville students saw Warrior Run beat Lewisburg in Wrestling. Friday night, there was food and fun at Anne and Barb Kalin's house. During their stay, the students viewed classes and on Saturday everyone danced to the sound of Phase sound system following a wrestling match. Tears and the sounds of cameras clicking occurred on Sunday before the students returned home.

Everybody enjoys the high school dance.

Exchange Students Enjoy Year At W.R.

Top row:) Laurent Dumoulin, Carlos Guerra, Henrik Pederson. (bottom row:) Solange Bastos, Carlos Mendoza, Kari Hermanrud.

To all our friends at Warrior Run,

The end of our stay here is approaching fast, faster than we really appreciate, and it's hard for us to express our thankfulness and appreciation in just a few short paragraphs like this. We all have different memories, experiences and feelings that we feel special gratitude for. But there are also several thoughts that we all share and would like to mention here.

First we would like to thank the school for hosting us all for a whole year, and giving us the opportunity to take these different courses that we would not have been able to take at home. We especially appreciate all the school activities we have participated in, because the schools in our countries don't offer such activities. We had fun in basketball, baseball, track, and the A.F.S. club and all the other sports and clubs that we looked into. We want to thank the teachers and the coaches for their patience and willingness to help, despite language barriers and other difficulties. The teachers ability to explain and help, even when they had the debatable honor of having two of us or more in one class, impressed us. We think it is great that Warrior Run has taken such interest in exchange programs in the past and still does. This year, with six of us, the school has really done a great job. We can only hope that this interest continues in the future, and that more schools follow Warrior Run's example.

Our host families deserve a special thanks from all of us. They have done so much for us and we have come to love them so much, that we really feel that we are part of these families. We can't really find words that express our gratitude for your hospitality and kindness. We just hope that we have given you something in return.

We will remember the people in the AFS chapter and the AFS club, who have been so active in their work and so helpful. They

have made us feel at home, and helped us a lot in times of problems or confusion.

We learned a lot during this year, but first of all we enjoyed our stay here, and made lots of friends. We met so many nice people, and felt that we were accepted as part of the students at Warrior Run immediately. If you have enjoyed having us here only half as much as we have enjoyed being here, we know that it has been a terrific year. When we go home and get situated in our own countries, we'll always think of this school as **our** school, the school we graduated from.

We hope to be back some day to see you again, therefore we won't say "good-by", but "Ate logo" with Solange, "Pa gjensyn" with Kari, "Au revoir" with Laurent, "Hasta luego" with Carlos and Carlos, and "Paa gjensyn" with Henrik.

Wishing you the best of luck in the future, Solange Bastos, Kari Hermanrud, Laurent Dumoulin, Carlos Guerra, Carlos Mendoza, and Henrik Pedersen.

CLUBS

25th Anniversary

1980

When we begin school, we begin to make friends and form groups. Friendships and groups based on common backgrounds, beliefs, or ideas. At Warrior Run there are a variety of clubs through which students may express their interests with fellow students. Whether foreign cultures, crafts, or music are favored

areas of endeavor there is a faculty advised group for all. Each of the organizations provide unique activities for their members and sponsor other events for the whole school. Many of the clubs also extend their services to the surrounding communities.

The Warrior Run Art Photo Club (WRAP), was organized in 1959 as an extension of the WR art program. The name has changed three times since then, to reflect the main purpose of the club's activities. The WRAP members have the opportunity to work on individual projects that might not be offered in the art classes. The club also provides services to the students by purchasing original art work for the school and sponsoring other student related service projects. The annual model railroad display did not appear this year due to technical problems. The highlight of the year for most members is the annual New York field trip, now in its 19th year. The main purpose of the club is to promote art and art activities at Warrior Run High school. Mr. Troutman has been the advisor since the club was organized as a Photo Club in 1959.

In the moment of parting,
the moment of silence;
forth as a fountain . . .
tears.

My own desires
shatter the pain of a dream.
Free from the bondage of others
as a leaf upon a stream.
I swim to the shore . . .
to follow a road . . .
a road to an eternal somewhere.

A newness of life.
The future wanders as a tiny child
through my mind,
to a land across a river,
far from human grasp.
